Dear Mrs. Manley:

Just a note to say that I have by no means forgotten or lost interest in the project we talked about in Baltimore. It is simply that I have been kept busy trying to straighten out a bad employment situation here, which has kept me busy both day and night for the past two weeks.

I write today to ascertain when and where the League meeting is to be held so that I might be sure to get the material or suggestions to you in sufficient time for you to study them prior to going into the meeting. Also I am planning to be in NYC sometime within the next 10 or 15 days and will try to arrange to drop in to see you, if you will be available.

Thanks again for your kind consideration, and regards to Mr. Manley.

Sincerely,

Carter
